✍️ DECLARATION

I solemnly confirm all the information provided above is true to the best of my knowledge and belief.

MY PROJECTS

1. Digital Business Cards:

I'm making digital business cards with interactive features for a lot of individuals, including click to call, click to message on Whatsapp, click to pay, and some QR codes in PDF format.

2. Personal Portfolio:

I'm making a responsive personal portfolio for myself that has information about my experience, project models, and links to my social networking accounts, including Whatsapp and Instagram. I'm making the portfolio with the aid of HTML, CSS, and JS.

3. Mini Dynamic Web Pages :

I'm developing a Dynamic Web Pages With the help of HTML, CSS, JS, as well as PHP and MYSQL, I'm developing dynamic web pages for projects like bill generation and result management system.

4. Instagram Posters:

I design imaginative and distinctive Instagram posters for a variety of clients, including businesses, people, artists, and hotels.

5. Flyers:

I design flyers for events like birthdays and festivals, as well as for businesses promoting new products and school admissions. I also make creative business cards.

6. Youtube Channel:

I run a tech YouTube channel called "MN-Techy" where I create captivating content including unboxing videos, reviews, sharing helpful how-to videos, my channel offers an extensive range of tech-related content that caters to the interests of tech enthusiasts and learners alike.
